Natural Family Planning (NFP)

The Church gives us the gift of natural family planning (NFP) as a way of honoring both the unitive and procreative components of the marital embrace and as a tool for those trying to avoid or achieve pregnancy. NFP carries both challenges and blessings and can be a source of great unity for marriages. It is also helpful for women wanting to learn more about their health and fertility for medical reasons, as well as those couples experiencing infertility. If you are interested in learning more about NFP or want to start using NFP as a single woman or as a couple, you can visit

<https://www.lincolndiocese.org/nfp/home>

If you would like more information about the various methods of NFP offered in our diocese or have a question about which method might be the best fit for you, you can contact naturalfamilyplanning@cdolinc.net.

Recycled Paper

The school is always in need of clean, flat, recycled paper for printing one-sided worksheets. This helps save on the cost of printing. Thanks for your help!

Pro-Abortion Appropriations Bill

From the USCCB Action Center:

The House Committee on Appropriations voted to push through four of the most extreme pro-abortion bills EVER. These bills take away the pro-life policies that:

- protect taxpayers from having to pay for elective abortions, both here and overseas
- protect health care providers from being forced to perform abortions or refer for abortions against their beliefs
- protect employers and insurance companies from being forced to pay for abortion.

The full House is expected to begin voting on these bills during the week of July 26. It's time to make Congressional office phones ring off the hook!

Without the Hyde Amendment and Hyde-related policies, billions of taxpayer dollars could be used to pay for abortion in the United States *and throughout the world.*

Eliminating the Weldon Amendment would force medical professionals, employers, and insurance companies to perform, pay for, or otherwise participate in an abortion against their beliefs. Call your representative today! Don't let our government make you pay for, or participate in, the taking of innocent human life.

Congress needs to hear from you: tell Congress to keep the Hyde Amendment and other Hyde-related policies, and the Weldon Amendment in the appropriations bills, and to oppose any bill that expands taxpayer funding of abortion.

Our Representatives are:
Rep. Jeff Fortenberry
Sen. Deb Fischer
Sen. Ben Sasse

Scam Alert: Be Aware!

Lately, we've seen an increase in the efforts of scammers. If your mobile number is listed on the parish website or in the bulletin, you can expect scam text messages. If your e-mail is listed on the website or in the bulletin, you can expect to receive scam e-mails. They even e-mail the church staff! The messages will come from someone claiming to be Fr. Hottovy and asking for a favor—usually gift cards. You may simply ignore the messages or you can block the phone number or mark the e-mail as "phishing". There is little else that can be done.
