GOOD WILL OFFERING

Saint Paula Outreach

St. Paula Outreach is a group created for women at St. Teresa Parish whose husbands are deceased. The group meets monthly in a home, to share about their lives, encourage one another, and foster friendships as they continue to seek joy and goodness on life's journey.

The group may also elect to read and discuss a book, watch a video or podcast, invite a guest speaker, participate in a Work of Mercy within the parish community, and/or attend an event together.

Each St. Paula gathering begins and ends with prayer. Christ is the core of the group. Our thoughts and actions are in accord with His teachings.
